- listed informal group
- special interest group
- stalls

We offer to speak at Meetings if invited

Steering Group of 3

4 meetings a year in different cities around the country. One meeting a year is an AGM. We do not expect everyone to attend meetings – those who attend are self-selected. We think our meetings would be less efficient if they were larger.

Working groups meet as necessary

Key Issues:

We cannot cover everything. We have a task-centred approach to changing the system, and so focussed on

- firstly Children in Detention;
- then we added Indefinite Detention;
- and have just included Destitution

Concern raised

Our own Local Business Meetings

Area Meetings

Meeting for Sufferings

Links to other campaigning organisations that share our values and aims: We cannot link to every organisation, so we chose particular groups:

We participated in the national campaign against holding children in Immigration in detention.

We have people on two of the Detention Forum working groups in the multi-organisation challenge to indefinite detention (indefinite detention, and judicial oversight): the Churches Refugee Network; Still Human Still Here.

Now we are developing a link to Still Human Still Here, concentrating on destitution issues.
